

Development Team for Welcome, Integration and Numerical Growth

Since our last report:

- we have started to organise training dates with the congregations at St Augustine's Dumbarton, St Mungo's Alexandria and Christ Church Lanark, who have identified Welcome as one of their stated development goals. Their training sessions will take place after the summer, in the early Autumn
- Edith Leven (Galloway member of the WINGs team) has been a "mystery worshipper" at St Francis of Assisi in Kirkcudbright and at St John's in Dumfries. She has also been invited by the Vestry of St John's Dumfries to set up a Welcome Team in the Church
- we have made a WINGs presentation to Renfrewshire Regional Council (June). This was very well received
- we have been invited to make a WINGs presentation to North Ayrshire Regional Council in September
- we have not had a Team meeting, but we are planning one for the end of August. On the agenda will be the writing of materials for use in congregational development sessions
- we have accepted an invitation from the Missional Leadership Development Team to assist them in planning the Diocesan "Gathering"
